JET Performance Products Dynamic Spectrum Tuner

Windows 10 Installation Instructions

If you are running Microsoft Windows 10, please install the Dynamic Spectrum Tuner on your PC as follows:

1. Insert the Dynamic Spectrum Tuner CD into your CD/DVD drive. Once the PC recognizes the CD you will receive a 'choose what happens with this disc' message.

2. Click on this message to open the disc options screen. Under 'Other choices' click on the 'Open folder to view files option. This will open the Windows File Explorer with the Dynamic Spectrum Tuner CD information.

3. Double click on the folder named DSTuner to open this folder.
